

Floor supported wall lift DEEP

052.7120 Floor supported wall lift DEEP for touch screen max. 86 inch, 120kg

This floor lift offers thanks to its double columns extra stability and robustness for working with a touch display. The display can easily be adjusted in height with the remote control, it adjusts it silently & electrically in height. At the back side of the mounting utility, space is reserved for placing a mini PC or thin client.

The stand offers an integrated bracket with a VESA of maximum 600-400. Product is good accessible with the accessories of the floor lifts (for example five surface solution, soundbar bracket or a compact locking lid can easily be utilized).
